Statement on OLRB Decision

We are pleased to have reached this agreement with SEIU which substantially reflects Altamont's current practices and protocols including the provision of and access to personal protective equipment, used in accordance with provincial directives.

We are stronger working cooperatively and focusing on our primary concern: the health and safety of residents and team members. Collaboration is of utmost importance, as we work with the common goal of fighting this crisis and supporting team members who are doing extraordinary work.

The consent order will remain in place for two months.

Statement RE: SEIU OLRB Application

Sienna is aware of the OLRB application and will be filing our detailed response to the application in the coming days.

The Company has acted in compliance with health guidelines and applicable legislation, including those relating to the use of personal protective equipment, and intends to vigorously defend itself against the application. Sienna remains singularly focused on protecting the health and safety of team members and residents in our facilities, and on fighting the COVID-19 pandemic, which is disproportionately affecting vulnerable seniors.
