

Matching seniors with seniors

Meet Ruth and Holly, a match made at the Ontario SPCA Provincial Education & Animal Centre. It was love at first sight when Ruth met Maggie, now known as Holly.

The Provincial Education & Animal Centre worked closely with Sienna Senior Living in Keswick to offer Ruth the opportunity to meet this friendly eight-year-old miniature poodle. We're thrilled to have been able to help Ruth find a new friend after the passing of her previous dog!

Our animal centre is proud to work with retirement homes that are supportive of their residents having the companionship of a pet. Ruth reports that it didn't take long for Holly to adjust to her new environment – she was ready to be loved.
